

WHAT INFORMATION IS AVAILABLE ON THE 2007-08 AAU PUBLICS PEER GROUP COMPARISON OF FACULTY SALARIES?

Data are collected according to criteria defined by the AAU Data Exchange (AAUDE). See footnotes on reports for more detail.

Average salary by rank compared to UO or AAU Publics Peer Group overall average salary. Indication of relative standing in relationship to all UO or AAU Publics Peer Group faculty included in the study.

Campus Unit	Rank	UO Full Time Equivalent			AAU Publics Peer Group Full Time Equivalent			UO Average as % of AAU Publics Peer Group Average		AAU Publics Peer Group Rank Average as % of AAU Publics Peer Group Overall Average		UO Rank Differential	AAU Publics Peer Group Rank Differential	UO New Hire Average Salary	UO New Hire FTE	AAU Publics Peer Group New Hire Average Salary	AAU Publics Peer Group New Hire FTE
		UO Average Salary	UO FTE	UO Average Years in Rank	AAU Publics Peer Group Average Salary	AAU Publics Peer Group FTE	UO Rank Average as % of UO Overall Average	AAU Publics Peer Group Rank Average as % of AAU Publics Peer Group Overall Average									

UO Average Salary. Based on salary data from October 2007.

Average salary for AAU Publics Peer Group. See Appendix II for list of institutions in each group.

Difference between ranks as percent of UO or AAU Publics Peer Group overall salary (example: UO Prof Avg-UO Assoc Avg/UO Overall Avg). Indicator of relative salary compression. Calculated only on reports containing rank information.

Weighted Averages: Prior to 2006, only average salaries were presented on these reports. The departmental, school or college, and overall averages were, and continue to be, weighted by the FTE distribution within a department, school or division, or the UO as a whole. This is also true for the respective AAU peer group. However, the FTE distributions for the UO and the AAU peer group within a comparison group (department, school/college, overall) are often not the same. The "All Ranks Weighted" line was added to provide analogous data for the UO and the respective AAU peer group by making both groups "look" the same. The FTE distributions within a department, school or division, or the institution as a whole were weighted at 35% Professor, 30% Associate Professor, and 30% Assistant Professor for both the UO and the AAU Publics peer group. This weighting scheme is a standard scheme based on the "ideal" faculty distribution.

In addition, the overall AAU Publics peer group average salary for the College of Arts and Sciences was weighted by the UO FTE distribution across the Humanities, Natural Science, and Social Science discipline groups. The overall institutional average salary for the AAU Publics peer group was also weighted by discipline, using the UO FTE distribution across all schools, colleges, and CAS divisions. Data from the Robert D. Clark Honors College were not included in this particular weighting scheme.
